TRUMAN SUPPORTS VAUGHAN

Truman Withholds His Decision On Welfare Agency

President Now Has Six Reorganization Projects Assured

WASHINGTON, Aug. 18.—(AP)—President Truman withheld a decision today on whether to make another attempt to transfer federal security agency functions to a new department of public welfare.

A coalition of Republicans and Southern Democratic senators turned back that phase of the president's government reorganization plans in a senate vote this week.

It was embraced in reorganization plan No. 1.

Mr. Truman was asked at a news conference whether the plan would be revived.

He said when he is ready with a decision he will make an announcement. He would not elaborate.

The chief executive now has six of his seven reorganization plans in the bag.

The six will go into effect at midnight tomorrow.

The senate late yesterday approved the final two plans about which there was any controversy.

One, reorganization plan No. 2, transfers the U. S. Employment Service and the related Unemployment Insurance Service from the Federal Security Agency to the labor department.

The other reorganization plan No. 7, transfers the public roads administration, now in the general services administration, to the commerce department.

The reorganization act provides that a reorganization plan submitted by the president to congress will become effective 30 days after submission, unless disapproved by either house.

The senate Tuesday handed Mr. Truman one of his reorganization plans, one of the session when it disapproved his reorganization plan No. 1 to create a new department of public welfare.

The four other plans, in addition to Nos. 2 and 7, assured of becoming effective are:

No. 3—Providing for reorganization of the postoffice department.

No. 4—Transferring the National Security Council and the National Security Resources Board to the executive office of the president.

No. 5—Vesting administrative authority in the chairman of the civil service commission.

No. 6—Vesting administrative authority in the chairman of the maritime commission.

Czech Reds Wage Propaganda Drive Against Belgrade

PRAGUE, Aug. 18.—(AP)—Czechoslovakia's Communists today were waging a big-scale propaganda campaign urging the Yugoslav people to overthrow the "fascist" regime.

The drive was featured by the passing of resolutions among workers in Czechoslovak factories and by proclamations issued by Yugoslav émigré groups resident in this country.

It was supported by the entire press, which made Tito its No. 1 propaganda target.

The resolution of workers in the Svoboda printing house, which prints Rude Pravo, organ of the Czech Communist party, said:

"Yugoslav brothers and comrades, bravely ahead to destroy Tito and the Minister of Interior (Alexander) Rankovich's criminal regime. Bravely ahead for the victory of socialism in Yugoslavia."

Truman Blames Rent Decontrol On Congress Failure To Provide Money

WASHINGTON, Aug. 18.—(AP)—President Truman today blamed the predicted lifting of federal rent controls in one city after another on the failure of congress to provide sufficient appropriations.

Questioned at a news conference about housing expediter Tighe E. Woods' announcement yesterday that the rent controls will be lifted by Oct. 1, the President said congress did not provide enough money to enforce the rent control law.

Woods called in his top lieutenants and regional officials to discuss the stepped-up plans.

Officials have determined effort will be made to lift controls first in so-called "borderline" areas—those where sufficient rental housing exists or soon will be available.

There was no immediate indication which regions they had in mind, and officials said such information will not be ready for several days.

Woods earlier had indicated that no community of more than 100,000 population will be affected.

"The law is country wide, not concentrated in one area,"

British Prepare Proposals To End Crisis Of Dollar

LONDON, Aug. 18.—(AP)—A secret document outlining proposals for meeting the world dollar crisis has been drawn up by a committee of top British financial experts and goes before the cabinet next week.

It okayed, the four-part document will form basic British policy at next month's dollar-pound Washington conference, when Sir Stafford Cripps, British chancellor of the exchequer, and Foreign Secretary Ernest Bevin meet with U. S. Treasury Secretary John W. Snyder and Canadian officials.

These officials will discuss the unbalanced trade between the U. S. dollar and British sterling areas which has left Britain desperately short of dollars.

Official sources said the four-part document comprises:

1—A study of the background and causes of the critical imbalance between the dollar and sterling areas.

2—A review of what each of the three governments has done to meet and redress that imbalance.

3—A close look at the situation as it exists now, underlining all the implications of a failure to agree on a solution.

4—A study of proposals aiming broadly at achieving some kind of world pattern which would allow a free flow of currencies between the dollar and non-dollar systems. The document attempts to prove that the dollar crisis is not British or American, but a global crisis.

Action Against Demo Rebels Gets Truman Approval

WASHINGTON, Aug. 18.—(AP)—President Truman gave implied backing today to a decision of the Democratic high command to bar some states rights from next Wednesday's National Committee meeting.

Mr. Truman was asked at a news conference whether he approved plans of retiring Chairman J. Howard McGrath to close the door against some of the demonstrators.

He replied the National Committee is in control of its own membership.

And he added, with a significant look at the newsmen, it is made up of Democrats.

Tentative Cut In Funds For Arms Voted By House

Severe Setback Is Given To Foreign Policy Of Truman

WASHINGTON, Aug. 18.—(AP)—The house voted tentatively today to slash European arms aid from \$1,160,000,000 to \$580,495,000 and cut off the program next June 30.

It was a stunning setback for President Truman's program for \$1,450,000,000 in European aid for Western Europe, Greece, Turkey, Korea, Iran and the Philippines.

The action came after Secretary of State Acheson had warned that a cut might be interpreted as indicative of suspicion and distrust of our allies.

The amendment to cut the European part of the program was offered by Rep. Richards (D-SC) and adopted by a 219-172 vote.

There can be a roll-call vote on it later and the result may be changed.

Richards and those who backed him said the amendment would save money on European nations that arms help will end next June 30 unless they demonstrate determination to pull together as a team for mutual defense.

If they do, he said, congress can give the rest of the money next year.

The administration came out flatly today against tying strings to arms-aid for Western Europe and against funds for non-Communist China.

The administration's stand was set forth in a letter from Secretary of State Acheson to Rep. Lodge (R-Conn.) as the house nears a vote on the \$1,450,000,000 program.

Major foreign fights are expected over proposals to include \$200,000,000 for China and to end the entire program next June 30 with the understanding that further aid will be granted only if recipient nations indicate a willingness to work together as a team for mutual defense.

Acheson wrote that the administration is firmly convinced that the further provisions of military assistance to the Chinese National government is impractical and unlikely to be effective.

Concerning curtailment of the European part of the program, he said:

Federal Agencies Are Relieved Of Financial Trouble

WASHINGTON, Aug. 18.—(AP)—Swift action on Capitol Hill pulled a number of big government agencies out of a financial hole today.

But nearly \$30,000,000,000 in operating funds that should have been spent six weeks ago still were snarled up in congress. Sept. 15 is the new deadline for solving the tangle—the third new deadline congress has since June 30.

Quick teamwork between Chairman Cannon (D-Mo) and McKellar (D-Tenn) of the house and senate appropriations committees ended a temporary financial emergency yesterday for a list of government agencies which have been waiting for passage of their regular appropriations since the new fiscal year started July 1.

Cannon and McKellar speed approval of a stopgap measure so that 40 government agencies can continue meeting payrolls and other expenses.

Officially the army, navy, air force, atomic energy commission, veterans administration, interior department and more than a score of other agencies, ran out of money at midnight Monday.

Congress is supposed to get money bills for government agencies out of the way before the fiscal year starts.

The house, which originates all appropriations, did its work weeks ago, but a stubborn and slow-moving economy drive in the senate has bogged down six major money bills there.

Twice congress passed stopgap measures—one to permit reduced spending during July and then another for the first 15 days of August. Rebellious house members blocked the third stopgap move earlier this week.

Cannon finally forced a favorable house vote yesterday.

Government Uses Emergency Power In Chile Rioting

SANTIAGO, Chile, Aug. 18.—(AP)—Emergency powers asked by the government to cope with bloody rioting that has gripped Santiago for 48 hours went into effect with congressional approval today.

Disagreement over a half cent boost in bus fares caused the rioting, which has cost seven lives. The government charges Communist agitators have fanned the unrest.

The new law empowers the government to move citizens from one part of the country to the other; to arrest suspects in their homes without court order, and to suspend or restrict the right of public assembly and the liberty of press and radio. It is effective for six months and may be extended.

Finnish Police And Strikers Shoot At Each Other; Communist Blamed

HELSINKI, Aug. 18.—(AP)—Police and striking lumberjacks exchanged fire today in the first skirmish of a new Communist strike offensive which a government official says is aimed at seizing power in Finland.

The exchange took place at Kemti, where lumberjacks left the timber sorting river dam in a demand for higher wages. The government ordered them back yesterday under a special law designed to deal with such situations.

About 10 per cent of the men returned. The rest stayed out. The Communist party, which has been in power since 1944, is the dominant social Democratic party, whose leaders make up the cabinet, issued a statement last night saying the whole nation "stands guard against the Communist attempt to create chaos."

Unto Varjonen, minister without portfolio who heads a cabinet board named to cope with strike threats, said the government intends to "inflict a crushing defeat on the Communists."

A strike of 100,000 trade union members however, could seriously upset Finland's economic life. The strikes began recently at Kemti, where lumberjacks left the timber sorting river dam in a demand for higher wages. The government ordered them back yesterday under a special law designed to deal with such situations.

Rita Hayworth Is Pregnant, Prince Aly Khan Reveals

DEAUVILLE, France, Aug. 18.—(AP)—Prince Aly Khan confirmed today that his wife, screen star Rita Hayworth, is going to have a baby.

Both Aly and Rita had been silent on persistent reports that she was pregnant. The two were married May 27 in the town hall at Balaia, near Cannes.

A member of the Moslem prince's household said three weeks ago Rita was expecting. French and British newspapers also have carried number of reports on the subject. Aly has two sons by a previous marriage, and Rita a daughter.

Tito Is Allowed By Pres. Truman To Purchase Mill

WASHINGTON, Aug. 18.—(AP)—President Truman said today it was on his orders that the government granted Yugoslavia permission to buy an American steel mill.

It told a news conference that the National Security Council studied the matter and recommended letting Yugoslavia have the mill. Then, he said, he personally ordered that it be sent.

The move has provided Yugoslavia's Marshal Tito with reinforcements to carry on his fight with Moscow.

After months of consideration, the administration granted the Yugoslav government an export license which it needed before placing the order for the plant.

The American decision represents the strongest and riskiest move taken by the American government to help the Yugoslav dictator since he split with Moscow nearly 14 months ago.

It also settled a long-standing argument between the National defense and state departments over whether shipment of a steel mill to Yugoslavia would endanger American security. Defense officials had frowned on the idea.

The decision to go ahead fore-shadowed possible approval of a loan Mrs. Tito from the United States, where the United States has a dominant voice.

Government officials who disclosed the approval of the Yugoslav plant request to a reporter said it was intended to help combat the tightening Russian-directed economic blockade of Yugoslavia.

Shipment of the steel mill, valued at \$5,000,000, would mark the first time since the war that the United States has deliberately sent "war potential" material to a Communist-run nation.

Poland and Czechoslovakia have been clamoring for American machinery and equipment for the past year. The United States has flatly refused to heed their appeals for fear such strategic materials might be used for war purposes.

Officials familiar with the facts said Secretary of State Acheson strongly supported the Yugoslav plea on the ground that the plant is vital to prevent Yugoslav economic recovery program from collapsing and causing Marshal Tito's downfall.

The Chinese note of protest warned Britain against repetition. It said the British destroyer Concord was sighted off the mouth of the Yangtze river in territorial waters on July 31. After dark, the destroyer moved into the mouth of the river, the note said.

(The Concord was first in a rendezvous with the British sloop Amethyst, which had been held on the Yangtze between Shanghai and Nanking for months by Communist shore guns. The Amethyst escaped in a running fight down the wide river.)

The Chinese note said that any British warship entering territorial waters must have the approval of the Nationalist government.

Fall of Poochow was first announced by the official central news agency from Taipei, capital of Formosa.

At the same time an army spokesman in Canton vigorously asserted the big port city still was in the hands of Nationalist forces.

(A report from Shanghai said the Communists had thrown an iron collar around the city, which is the capital of Fukien province. The Shanghai dispatch said Communist newspapers reported the fall of Poochow appeared to be but a matter of hours.)

Truman Sees Need Of Substitute For Excise Money

WASHINGTON, Aug. 18.—(AP)—President Truman said today congress must find enough money to keep the government running if it eliminates all wartime excise taxes next year as has been proposed.

The President told a news conference that as long as 80 percent of the budget is made up of fixed charges, any drastic tax revision will have serious effects.

His comment was brought out by a reporter's assertion that Chairman George (D-Ga.) of the senate finance committee has called for revision of the tax laws and the elimination of the excises.

Mr. Truman said this can be done if Senator George can find sources of revenue to keep the government running.

Texas Weather Is Generally Fair Despite Clouds

By The Associated Press
A belt of clouds extended today from Dallas westward to Big Spring but Texas weather was generally fair.

Scattered showers were predicted for the state this afternoon. Austin had 1.21 inches of rain yesterday and Mineral Wells reported 1.63 inches. Other rainfall reports included Junction, 47 of an inch; Bryan, 38; Dalhart, 34; Palestine, 35; Beaumont, 33 and Waco, 37. A trace of rain fell at Dallas, Marfa, Texarkana, Ozona and San Angelo.

Temperatures yesterday climbed to the low and middle nineties. But the top temperature at Laredo was 101 degrees and the mercury reached 100 degrees at El Paso.

The coolest spots in the state early today were Dalhart and Marfa. Both reported 63 degrees.

Country Asked To Suspend Judgment Of Military Aide

Public Is Asked To Wait And Hear General Testify

WASHINGTON, Aug. 18.—(AP)—President Truman today asked the country to suspend judgment on Maj. Gen. Harry H. Vaughan until after his Army aide testifies before the senate five percent inquiry.

Mr. Truman, at a news conference, directed his request particularly to reporters and editors.

He was sharply critical of what he called leaks from the committee and what he described as a "tendency to build up the most critical testimony against Vaughan at closed hearings."

Shortly afterwards, a meeting of committee members was called to consider the president's request.

There were indications that the testimony relating to Vaughan in private sessions might be made public.

Chairman Hoey (D-NC) is in North Carolina, leaving Senator O'Connor (D-Md) as the ranking member.

SOLONS REPLY.
WASHINGTON, Aug. 18.—(AP)—President Truman accused senate "five percent" investigators today of keeping secret for most testimony favorable to his military aid, Maj. Gen. Harry H. Vaughan, and drew a quick retort that an aide of Vaughan himself once voted publicly on the evidence.

Democratic member of the group, Sen. O'Connor (D-Md) said he would have no objection to the release of the testimony.

Mr. Truman made it clear at the outset that he did not intend to answer any questions concerning the testimony.

Reporters thus were unable to ask him about a Republican demand that he oust Vaughan as coordinator of veterans affairs.

Senator McCarthy (R-Wis.) voiced the demand that Mr. Truman fire Vaughan from the veterans affairs post.

Republican added that as a Republican he would not support a demand that he oust Vaughan as coordinator of veterans affairs.

Texas Military Posts Ask 32,785 New Homes Built

DALLAS, Aug. 18.—Texas military posts have asked for 32,785 new homes, the Dallas News reported, and builders who hope to get any business under new federal military housing laws apparently will have to deal directly with individual post commanders.

The News said more than half the proposed new homes—16, were requested by San Antonio bases.

President Truman last week signed the Wherry bill. It allows the federal housing administration to insure private loans—up to \$5,000,000 on a single project—to build new homes at military bases.

The Dallas Home Builders Association got from its Washington office this breakdown of requests made by Texas posts:

Air Force: Bergstrom base, 371 units; Biggs base, El Paso, 1,559; Perrin Field, Sherman, 758; Randolph Field, San Antonio, 2,388;

Unions To Join In Battle On Taft

CLEVELAND, Aug. 18.—(AP)—The Cleveland Federation of Labor will unite with the CIO and independent unions here in an attempt to defeat Sen. Robert A. Taft's bid for re-election next year.

William Finegan, federation executive secretary, said yesterday AFL leaders had approved formation of a joint political action organization with the Cleveland Industrial Union Council, the Railroad Brotherhoods, and other independent unions.

Kelly Field, San Antonio, 9,831; Lackland base, San Antonio, 1,225; Brooks base, San Antonio, 1,071; Goodfellow field, San Angelo, 985; Shepherd field, Wichita Falls, 740; Waco Air Base, Waco, 828; Carlisle base, Fort Worth, 3,298; Ellington field, Houston, 183.

VAUGHAN

CONTINUED FROM FIRST PAGE yesterday that Senators would hold statements denouncing Vaughan.

He spoke out after Senator Mundt (R-S.D.) had called Vaughan, among other things, a "finagling bargaineer."

"The president made it abundantly clear that he does not approve of the way the hearings have been handled."

Vaughan's name has come up repeatedly at hearings of the committee which is looking into activities of so-called five percenters—persons who help in seeking out government contracts for a fee—usually five percent.

His name has come up in connection with gifts of several home freezers, activities in behalf of a California race track seeking to get a building permit when materials were scarce, and efforts of a New Jersey molasses firm to get a permit for additional sugar, after the company had been accused of violating a sugar rationing order in 1946.

Mr. Truman said "most of the favorable testimony" concerning Vaughan has been held behind closed doors while the unfavorable side has been produced at open hearings.

The hearings, he went on, have been behind closed doors, partly because they were friendly to Vaughan.

He went on to say that much of the unfavorable testimony has resulted from "leaks" from within the committee.

Some of the newsmen took issue with the president, saying that virtually all the recent hearings have been public.

One woman reporter said she had covered many open hearings. Vaughan himself was present when Mr. Truman spoke. He stood behind a table to the rear of the president's desk—between Rear Adm. Robert L. Dennison, naval aide, and Brig. Gen. Robert B. Landry, Air Force aide.

Vaughan was absent last week when Mr. Truman defended the Army aide. The president took occasion then to tell reporters that Vaughan's absence was not due to any fear of the newsmen.

Senator Mundt (R-S.D.) told reporters, meanwhile, that because of the way Vaughan has figured in the senate investigation, "am inclined to think the president will have a new military aide eventually."

Mr. Truman said at his news conference a week ago that his opinion of Vaughan had not been changed as a result of testimony to the special senate subcommittee. It is checking on whether improper influence has entered into the handling of government business.

Since Mr. Truman's remarks last week, Vaughan's name has continued to bob up every day at the inquiry. Yesterday the committee got testimony that Vaughan went to bat, unsuccessfully, in behalf of a New Jersey company accused of violating a sugar rationing order in 1946.

In that effort, the committee was told, he teamed up with John Maragon, former Kansas City shoe shine boy who came to know many federal officials by their first names. Vaughan, Maragon has said, is his good friend.

The sugar deal prompted McCarthy to demand that Maragon be indicted for perjury. The senator spoke out after the committee developed testimony which members said showed that Maragon had lied under oath.

But McCarthy's insistence that Vaughan be fired as coordinator of veterans affairs had nothing to do with that incident.

McCarthy said he was thinking instead about the testimony of

Housing Expediter Tighe Woods last week.

Woods told the senate investigators his agency granted a construction permit to Tanforan Race Track, California, 24 hours after Vaughan visited Woods' office and asked him to "please hurry up."

Four days earlier, Woods testified, Vaughan called him to the White House and asked him to "please hurry up."

That was in 1947 when the use of scarce building materials for recreation purposes was sharply restricted by the government.

McCarthy said that in view of Woods' testimony that "Vaughan was promoting the construction of race tracks ahead of homes for veterans," he ought to be relieved at once of his veterans affairs job.

Mundt, a member of the committee, yesterday denounced Vaughan for intervening with Maragon at the agriculture department in behalf of the Allied Molasses Company, which had been accused of violating a sugar rationing order in 1946.

The committee had heard the firm described as a "flagrant and willful violator" of a post-war rationing order.

McCarthy said Vaughan was a "finagling bargaineer" who used "pressure, intimidation, bluff and bluster" in an attempt, as Mundt put it, to get a former agriculture department official to help him.

The one-time federal employee, Herbert C. Hathorn, said he told Vaughan and Maragon: "Nothing doing."

Earlier the committee had been told that Maragon was paid \$100,000 by representatives of the New Jersey company after getting Maragon's assurance he could help them.

Maragon's assurance he could help them was given despite the suspension order issued against the company on July 28 that he never had been paid anything by anyone for doing business with the government.

ARMAS AID CONTINUED FROM FIRST PAGE said:

"It is also the firm conviction of the executive branch that the solemn commitments undertaken by these European nations in joining with us in the North Atlantic treaty x x provide a maximum of assurance that further common defense planning will progress as rapidly as can be desired."

He said holding up the arms program until the planning is completely perfected would serve "only to delay in improving the security of the area and to prolong the period during which our ability to resist attack is not commensurate with our stated determination to do so."

As Acheson's letter was made public, Rep. Richards (D-SC) formally offered in the house his amendment to cut the amount of aid for Western Europe from \$1,160,990,000 to \$580,495,000.

That is just half the amount requested by President Truman.

Richards said the purpose of his proposal is to finance the plan until next June 30 instead of June 30, 1951, with the understanding the rest of the money would be provided if congress is assured that Western Europe intends to fully co-operate in mutual defense plans.

The main fight on the bill is expected to be on the Richards amendment.

The bill's backers were confident they could defeat the amendment, although they admitted it would not be easy.

There is bi-partisan support for the Richards proposal and bi-partisan opposition to it.

The president has asked that the program cover initially a two-year period, with deliveries and obligations to continue until June 30, 1951.

By holding it to the shorter period, Richards told the house, congress would make it clear to Western European nations that they won't get any more help unless they pull together as a team and forgo "ancient jealousies and rivalries."

"What we will be saying," he explained, "is that we are ready now to go half-way with you, if you will go half-way with us, then we can go the rest of the way together."

Judith Smith Will Wed D. L. Pearce, Jr.

Mr. and Mrs. Carl Smith of Corsicana announce the engagement and approaching marriage of their daughter, Judith, to D. L. Pearce, Jr., son of Mr. and Mrs. D. F. Pearce of Kerens.

The ceremony will be held August 27. The couple plan to make their home in Kerens.

Texas Producers Of Oil Get Boost In Allowables

MINERAL WELLS, Tex., Aug. 18.—(AP)—Texas crude oil producers today were granted their first increased allowance of 1949 as the railroad commission set September production at 2,077,905 barrels per day.

This is a 132,268-barrel a day boost over the current allowable of 1,945,637.

The hike was effected by increasing the number of producing days by one, giving an 18-day statewide producing schedule and 18 days in the East Texas field.

COLLEGE STATION, Aug. 18.—(Sp)—Lucian Albert Pinkston, Jr., of Corsicana will attend the University of Texas Medical College in Galveston, beginning in September.

Pinkston is one of the 30 pre-medical and pre-dental students from Texas A. and M. College who have been accepted by professional schools.

Undergoes Operation.

Sheriff David Gastles returned Monday from Dallas where he has been with his wife who underwent an operation last week in a Dallas hospital.

CONVICTED

CONTINUED FROM FIRST PAGE came in. Fernandez stool poked-faced.

After the verdict was announced both defendants were instructed to sit down. Mrs. Beck stared at Rosenberg, and Fernandez glared at the still standing defense lawyer.

The 10 men and two women of the jury had been in almost continuous deliberation—except for three trips to the courtroom during the night for luncheon—since Supreme Court Justice Fernandez Pecora completed his charges last night.

Mrs. Beck, 29, and Fernandez, 34, had no rest during the night. They were kept in cells in the detention pen in the courthouse.

There were no cot, but they were reported to have dozed in chairs. Fernandez and Mrs. Beck were convicted of slaying Mrs. Fay, 68, Albany, N. Y., in a scheme to fleece lonely women in mail romances.

The state charged that the killing was deliberate, and in his summation Edward Robinson, Jr., Nassau county, N. Y., assistant district attorney, told the jury the motive was "dead men tell no tales."

The defense contended Mrs. Beck was insane at the time of the crime, and it also denied she struck hammer blows on the victim's head. The defense claimed Fernandez had no part in the slaying, and that he was not in the room when it was committed.

Justice Pecora, in a five-hour charge to the jury yesterday, re-

ferred to the admitted acts of sex perversion by the defendants, and told the jury that a defendant need not be present at a crime to be guilty of it.

In a statement allegedly made in Michigan, Mrs. Beck was quoted as saying Fernandez told her to "hammer Mrs. Fay on the head, adding, 'if you love me, you'll do it.'"

Payne Terms Boys "Fine Material" In Opening Talk

Coach Boyd Payne and Assistant Olin Pederson and Garland Matthews Monday issued uniforms to 48 sunburned Tiger grid players who appeared for the opening of the 1949 football season.

The prospective griders met with the coaching staff in the high school auditorium where Payne outlined the "things to come" in the forthcoming season.

From there the boys went to the locker room, where they drew tops and then were dismissed for the day.

Practice was to begin this morning (Tuesday) with two sessions per day. A morning session starts at 7:45 each day and afternoon session begins at 3:45 until further notice.

Over 50 boys are expected out for practice before the fall camp begins on August 28. Payne revealed. Some are still working at various places and could not be present for the Monday meeting.

Payne termed the youngsters that turned out Monday "fine material." "You're our kids—you've come up in the system since we've been here. We think you are the best material we have ever had—if you stay and do what we think you can do."

Asked if they wanted to have a football conditioning camp at Camp Wanda this year, the boys unanimously voted in favor of it.

Payne emphasized that the Tigers will field a "senior ball club" this fall, but held out more than hope for the junior high team who are playing their first season since leaving the junior school. "Some of you junior high boys may make the starting lineup," he said. "It wouldn't hurt any player to take his position for granted."

The mentor gave the boys various tips on care of their equipment and personal hygiene. He appealed to them to "give football a chance to get you in shape."

The basic Tiger offense this year will be the "Y," Payne revealed, used off an unbalanced line. "We used some of that play last year and you boys were anxious to get back of it. You'll get your chance this year."

The B team will "play lots of ball with the A team," the mentor promised, but indicated that the B team as such would play a full schedule, and will take part in spring training next year, in keeping with the policy of stressing the second string for next year's sake.

The Tigers will have their first scrimmage with an "outside" team on August 28, Payne said, but did not reveal who the opponent would be.

Those who turned out for the Monday meeting: Kenneth Bailey, Elbert Berry, Walter Bond, Charles Bristow, Charles Bridges, Dickie Brown, Jack Bowden, Don Caton, David Corley, Jerry Calloway, Howard Chapman, Jimmy Cravens, Johnny Crawford, Darrell Curry, Eddie Deyo, Wayne Ganze, Tom Harris, son, Floyd Hawkins.

Jack Hobbs, Zolla Holt, Everett Holley, Richard Ingham, Jimmy Kirkland, Orville Langston, Rayburn Matthews, Bob Malcolm, Donald Moore, Henry Newman, Duane Nutt, Roy Parish, James Pope, Herbie Price, Dan Schrader, Ben Sharpley, Charles Stack, Bobbie Staggs, Jackie Smith, Kenneth Stegall, Gilbert Sutherland, Bob Ward, Frank Warfield, Kenneth Wacker, Gary Wood, Doyle Wood, Jimmie Wood, Johnnie Yarborough, Lavelle Isbell and Norman Nichols.

Mr. and Mrs. Conley Lovelace and family left Wednesday for Bedford near Fort Worth, where he will be manager of the new Boys' Ranch, being moved from Copperas Cove.

MRS. WENDELL BLAKE WOODALL

MISS HELEN GANZE BECOMES BRIDE OF W. B. WOODALL AT CEREMONY IN LOCAL CHURCH

In a pretty summer ceremony Saturday afternoon at 5 o'clock at the Central Methodist Church, Miss Helen Ganze became the bride of Wendell Blake Woodall. The Rev. Marvin C. Bledsoe officiated.

Parents of the bride, Mr. and Mrs. E. M. Ganze of Dawson and Mr. and Mrs. E. T. Woodall.

Before the ceremony Mrs. Marvin C. Bledsoe sang "Thine Alone" by Herbert and "Because" by d'Hardelet. Mrs. Estelle Skelton accompanied at the piano and played an pre-nuptial music "I Love You Truly" and a musical background for the exchange of vows, "Traumerel" with the traditional marches for processional and recessional.

Two floor baskets held white gladioli, stock, chrysanthemums and asters, enhanced by palms and white tapers in candelabra.

The bride, who was given in marriage by her brother Herman Ganze, was crowned in blue lace over blue tulle, designed with scalloped yoke, cap sleeves and a full skirt of ballerina length. Her long lace train was matching, and her picture hat was fashioned of white hairband wreathed in bridal white maline gemmed with pink rosebuds. Her single strand pearls were a gift of the bridegroom. Atop a white Testament she carried a white orchid centered in stephanotis and showered with white satin ribbons tied with lovers' knots.

Attending as maid of honor was Miss Charlene Lowmire of Dallas, who wore a pink crepe street length frock with lace trim and a white flared skirt. She wore a white plume hat and nylon gloves and carried a round arrangement of pink carnations and angel lilies.

Hugh Fullerton served as best man, and ushers were Charles Tullios and J. D. Ganze of Houston.

A reception followed at the home of Mr. and Mrs. Herman Ganze, where the bride and groom were received with their attendants and parents.

Mrs. Joe McGaugh and Mrs. Charles Tullios presided at the bride's table, where they were assisted in serving by the sisters of the bride, Misses J. C. Mahon, Mrs. John Gross and Mrs. J. S. McDonald, of Dallas. Miss Hallie Blake registered the guests. Mrs. A. H. Ganze also was a member of the house party.

White tulle bows graced the corners of the ecru lace cloth which covered the table, further adorned with white gladioli, mums and stock in a crystal bowl. Fruit punch was served from a cut glass bowl, and the wedding cake was a three-tiered confection, topped with miniature bride and groom figures.

The mothers of the bride couple, Mrs. Ganze and Mrs. Woodall, wore black crepe dresses with black and white accessories and white carnation corsages.

To Lake Texoma

When Mr. and Mrs. Woodall left on their wedding trip to Lake Texoma and other points of interest, she was wearing a suit of brown iridescent chambray with white plume trim. Her white crocheted hair had brown ribbon trim and veiling. Spectator pumps, brown hose, white nylon gloves and a white orchid corsage completed her ensemble.

When they return they will be at home at 212 North Fourteenth street.

The bride, an honor graduate of Dawson Junior College where she was a member of Theta Kappa sorority. Her husband was graduated from Blooming Grove High School and attended Tyler Commercial College. He served three years in the armed forces and was a member of the European Theater of Action. He is employed by First National Bank of Corsicana.

Rehearsal Dinner

Mrs. Skelton and Mrs. Ganze, mother of the bride, entertained with the rehearsal dinner Friday evening at Kinloch House where white gladioli, asters and mums formed the table. Brass candelabra held ivory tapers. A gift was at each cover for members of the wedding party.

Flowers marked covers for Miss Lowmire, Mrs. John Gross and J. S. McDonald, both of Dallas; Mrs. E. T. Woodall, Mrs. E. M. Ganze, Mrs. Skelton, Mr. and Mrs. Herman Ganze, the Rev. and Mrs. Bledsoe, Mr. and Mrs. Charles Tullios, Hugh Fullerton, Dan Cunningham of Wink, and J. D. Ganze.

Grandmothers of the bridegroom present were Mrs. W. R. Woodall of Tyler and Mrs. I. T. Blake of Corsicana.

Among the out of town guests were Mrs. Edwin Woodall, all and daughter, Fannie Beth, Fard, Mrs. Winston Knight and daughter, Jane, Frost; Mrs. Frances McGovern, Blooming Grove; Mrs. John Gross, Mr. and Mrs. J. S. McDonald, Mrs. Charles Tullios, and Miss Mattie Blake, all of Dallas; J. D. Ganze of Houston; Dan Cunningham of Wink, and Mr. and Mrs. Parks Hardman of Tyler.

Blooming Grove Retired Merchant Dies Wednesday

BLOOMING GROVE, Aug. 18 (Sp.)—H. E. Simpson, aged 69 years, retired hardware merchant and native of this community, died at his home Wednesday afternoon at 1:30 o'clock.

Funeral services were held Thursday afternoon at 3 o'clock from the Methodist church. Burial was in the Rosa Hill cemetery. The rites were conducted by Rev. Roy Falder, pastor of the church. Simpson had been a steward and leader in the Methodist church here for many years.

Surviving are his wife of Blooming Grove; a son, Harry Simpson, Greenville; three granddaughters, three sisters, Mrs. P. Wilford Malone; Mrs. Effie McCuskey, Austin, and Mrs. Belle Sanders, Hillaboro, and a number of nieces and nephews.

A SCIENTIFIC AGE CAN BE AN AGE OF RELIGIOUS FAITH

Conflict Between Science And Religion a Mistake — Great Scientists And Great Saints Can Fellowship Together — The Ancient Psalmists Interpreted Natural World in Religious Terms

By WILLIAM T. ELLIS and EARL L. DOUGLASS.

Greater than any political revolution today is the decisive revolution that is taking place within the minds of all mankind. For some generations we have grown to be a think-minded people engrossed in material trivialities. Then came two world wars, with the social and moral dislocation which such catastrophes involve. As a result, even the most careless and stupid of persons has been shocked into deeper, bigger thinking. Our sense of complacency has had a jolt that is shaking the social order throughout the world to its foundations. The real struggle today is going on within the skulls and under the breasts of the human race.

"First Cause" Not Enough.

Men and women who were not accustomed to doing any really serious thinking have been aroused to a consciousness that there is a Power beyond the powers. While most scientists are avowed atheists, there has nevertheless been a prevailing vogue of thinking which has sought the purely physical explanation of creation and universal law. The tendency has been to make man big and God little—shove Him off into a corner as a vague "First Cause" or "Primal Force."

But out of nothing, nothing comes. There had to be a Beginning before there was a beginning—A Creator before there was a creation. Science, which has so vastly enlarged our knowledge of the universe, is constantly being pressed by the demands of common sense to admit that Somebody had to function before there was a something.

Unnecessary Conflict.

Why should there be a conflict between science and religion, and why should so many people be stirred up and threatened with the destruction of their religious faith because of the findings of modern science? The scientist very rightly says that his field of study is limited to the material world, which operates under the law of cause and effect. But the scientist and everyone else is justified, on the basis of what he sees in the natural world, of concluding that design and purpose are behind the universe—that the Biblical statement, "In the beginning God created the heavens and the earth," is not at all inconsistent with science.

The poet thinks of the power behind nature in personal terms. The religious poet goes one step farther and thinks of this Power as both personal and divine. Never have greater poets appeared on the scene than those of the men who wrote the Psalms. The glorious 19th Psalm which we study today tells of the heavens declaring the glory of God and the firmament showing His handiwork. "The sun and moon declare God as visiting the earth and watering it and crowning the year with bountiful harvest. 'The pastures are clothed with flocks; the valleys also are covered over with corn; they shout for joy, they also sing.'

The Poet Speaks.

This is the language of the poet— even more of the religious poet. The man of religious faith has no quarrel with the scientist, and the scientist if he is reasonable refuses to pick a quarrel with the saint. The scientist is right when he says, "My research and experiments enable me to go just so far and no farther." But the religious man replies, "My faith enables me to see design and purpose in the world which you scientists so magnificently describe. My faith does not contradict your findings; it supplements them."

The scientist who scoffs at religious faith is as mistaken and presumptuous as the religious man who scoffs at science. Religion is, among other things, an attempt to interpret the created world. The scientist tells us what the created world is; the Bible tells us how it came into being and in what direction it is headed.

A Creator Behind Creation.

Let the person whose religious faith is in no confusion by the findings of modern science read the Scripture assigned for this week's Sunday school lesson and take courage. The 19th and 68th Psalms are anonymous. Authorship means little. It is the spiritual perception of the writer which counts. The men who wrote these Psalms refused to stop at appearance; they pressed beyond appearance, and their faith led them to discover a Creator-God behind the universe, a loving Father

carefully watching over his children.

For the Bible makes it clear that God the Creator, and that the crowning work of His creation is man, whom He endowed with qualities partaking of His own nature. The ways of God are not to be measured by our clocks and calendars, for He dwells in an eternal Now. We have not read the Bible aright unless we have sensed the sovereignty and glory of the Almighty. The Creator is also King and Father. As Tennyson wrote:

"Let knowledge grow from more to more,
But more of reverence in us dwell."

Seven Sentence Sermons.

A little philosophy inclineth men's minds to atheism, but depth in philosophy bringeth men's minds about to religion.—Francis Bacon.

Character is higher than intellect.—Emerson.

If there's a power above us (and that there is all nature cries aloud through all her works) he must delight in virtue.—Addison.

To believe is to be strong; doubt cramps energy; belief is power.—Ridgson.

O Lord, our Lord, how excellent is thy name in all the earth! who hast set thy glory above the heavens.—Psalm 8:1.

To him who in the love of Nature holds communion with her visible form, she speaks a various language.—Bryant.

Inspiration was not God magically transcending human minds and faculties; it was God expressing His will through the dedication of human faculties.—Stewart.

The Sunday School Lesson for August 21 is, "Praise for the Works of God." Psalms 19:1-6; 65:1-3; 104:24.

Blooming Grove Bonds And Tax Rate Approved

BLOOMING GROVE, Aug. 17 (Sp.)—Blooming Grove Independent School district voters Saturday approved \$125 tax rate per \$100 valuation and assumed the bonded indebtedness of \$20,700.

J. T. Black, superintendent, said tax was approved 79-13 and the bond assumption, 80-12 votes.

The enlarged district embraces 85 square miles. The outstanding bonds assumed amount to \$20,700. The interest rate is 2 1/2 percent.

The enlarged district is composed of the old Blooming Grove district, Pecan, Carroll, Dresden, Alliance Hall, Raleigh, the Navarro County portion of Lone Cedar and the western portion of the Bryan school districts.

Funeral Rites Held Wednesday For Mrs. Smith

Funeral services for Mrs. Bollivar Smith, aged 97 years, who died at her home, 611 West Tenth avenue Monday night, were held Wednesday morning at 10 o'clock from the McCannan Funeral Chapel. Burial was in Oakwood cemetery. The rites were conducted by Dr. P. E. Riley, Fort Worth, formerly pastor of the First Methodist church, assisted by Rev. J. B. Sharp, associate pastor of the First Methodist church.

Born March 21, 1852, in North Carolina, Mrs. Smith came to Corsicana in childhood with her parents, the late Mr. and Mrs. T. J. Lockhart, pioneers of Corsicana. Mrs. Smith and her late husband were prominent in the First Methodist church for many years.

Surviving are several nieces and nephews.

Funeralbearers were Robert Taylor, A. D. McMichael, John C. Hughes, Marvin E. Wallace, J. S. Murchison, W. P. McCammon, T. J. Walton, H. Buschhaus and E. J. Dunlap.

IOOF Trustee Is Temporarily In Charge Of Home

Ira S. Coles of Greenville, trustee of the IOOF Home and Grand Lodge of Texas, IOOF, Wednesday took temporary charge of the IOOF Home here, succeeding Conley Lovelace, superintendent, resigned.

Lovelace and his family left Corsicana Wednesday for Bedford, near Fort Worth, where he will be manager of the new Boys' Ranch, being moved from Copperas Cove, to Bedford. He recently resigned as superintendent and Coles is in charge until the board of trustees employs a successor.

Malaria Fight Helps Grow Food

MOSQUITO WAR—U. N. DDT is sprayed in fight on malaria.
By ADELAIDE KERR
AP Newsfeatures
LAKE SUCCESS—The United Nations is waging war on malaria in the hope of getting more food for the world.
The world's population is shooting up about 25 million a year. But the food supply is lagging and thus creating one of our most acute problems.
One of the causes of the lagging food supply is malaria, which takes heavy toll of victims' working energy and productive ability. An estimated 300 million people in the world suffer from malaria and since most of them live in agricultural areas, this strikes directly at food supply.
Greece alone is estimated to have lost 30 million man days a year on her farms as a result of malaria, until U. N. helped her save this lost work. In India the losses to individuals caused by the disease amount to \$320 million a year. And in the United States malaria has cost millions in treatments and loss of crops.
U. N.'s Economic and Social Council, now meeting in Geneva, is studying reports from two of U. N.'s specialized agencies on work already done—which record some telling successes—and future plans to continue the fight.
The World Health Organization, of which Uncle Sam is a member,

has worked with Italy, Greece and other Balkan countries, supplying health experts, sanitary engineers and advice to governments on how to destroy the malarial mosquito. It also took over the anti-malarial fight of the United Nations Relief and Rehabilitation Administration, after UNRRA was dissolved.
The main weapons were mosquito-killing DDT and new equipment to use it. UNRRA provided Greece and Italy with motorcycles and jeeps for anti-malaria teams which took sprayers and supplies from village to village. Small planes were used to spray open mosquito-breeding areas.
The WHO report states that after UNRRA's three-year DDT campaign in Greece, malaria declined from one million now cases annually to less than 50,000. It says the program had the effect of adding 100 thousand full time workers to Greek farms.
The Food and Agricultural Organization of which Uncle Sam is also a member and whose report also lies before the council, concentrates its anti-malarial fight on working farm practices. They include methods of irrigating which will not attract mosquitoes, and draining marshlands to prevent further breeding. FAO is now working in the Terai region of the Himalayan foothills where a fertile valley was abandoned because malarial fevers were rampant there. It is now working with Siam farmers on their problems.

OIL ON THE WATERS

Cities adjacent to rivers or lakes are always having trouble with the industrial wastes and other defilements of their waters. One of the latest to have a serious time is Toronto, whose bay and neighboring waters of Lake Ontario have been covered this year with a thick, heavy oil sludge which ruins the beaches for all recreational purposes, lowers property values and might prove itself a fire danger. The Toronto Globe and Mail reminds its readers that the oil is also a menace to wild life. Aquatic birds, accustomed to come to rest on bodies of water, find themselves unable to fly again.

When any city is small, its waters moving with a strong current, dumping wastes of all sorts seems a minor matter. But as the cities grow and small boats give way to ships, the waste becomes a serious nuisance factor, often a great peril if the drinking and washing water comes from the same source. Not only industrial concerns but oil-burning ships and tankers appear to have been dumping their sludge into the Lake Ontario waters. The premier of Ontario has promised to do something about it, but whatever is done will be too late to save this year's use of the beaches.

The Globe and Mail also suggests that dumping oil

PROGRESS.

Time was that candle light seemed best,
But there were old wise men
who said:
When the sun slipped down the west
God meant men should go to bed.

Then 'twas found that wicks would burn,
Fed with oil from bowls of glass,
But by and by men came to learn
A brighter light was had with gas.

Ben Franklin from a stormy sky
The secret of the lightning drew
And from a kite he dared to fly,
The bulb of incandescence grew.

Be not by graybeards wise
Remember this: had they been right
Or had old textbooks been believed,
We'd still be using candle light.

is a waste of a diminishing resource, and urges chemists to find some way to use this material. Almost all wastes are eventually found to have uses. But meantime some way should be found to dispose of those from every city without polluting its own water supply.

UNCHANGING THINGS

Recent news notes from Shanghai tell of attempts of Communist authorities there to keep pace with the worth of their own money by adjusting the official exchange rates. With each adjustment more of the new People's Bank dollars are required to buy United States dollars, long the standard of value on the China coast.

Apparently the government at Shanghai has changed, but not the monetary philosophy. The Chinese Nationalist government has always tried to meet its money problems in the same way, by printing more money and lowering its real value. This is one of the many problems of China which will not change with the political hue of the government.

Television will never replace movies; there's no provision for a popcorn concession.

Style Show Presents Wardrobe To Meet Needs Of Students At Store Of J. C. Penney Company

By BONNIE WRIGHT BINFORD
Sun Society Staff

Opening an ample wardrobe closet for the inspection of its patrons and to meet the special and seasonal needs of Coriscana young people going back to classrooms, J. C. Penney Company presented an interestingly-devised style show Tuesday evening in the store.

Gathered to witness the show, despite the heat, were considerably more than 400 Penney friends and customers, who were treated to a preview of clear colors, iridescent and lustrous materials ranging from cotton to featherweight velvets and styles that gave material, attention to the youngest scholar, the sub-teen, the teen-age and the college girl.

Refreshments To combat the influence of the weather, the store served cold drinks until the doors closed upon the last member of the audience, scarcely an hour after W. H. Smith, manager, presented Mrs. Harvey Hayes, commentator for the show.

Into that hour the promenade planners had packed a wealth of interest. Misses Bonnie Jean McDaniel, Cora Van Varley, Ann Bigony, Arlene Bigony, Ruth Elaine Foster, Martha Martin and D'Wayne Howell, Mrs. Nell Harris, Mary Ann Roberts, Jeanne Dixon, Faye McMullan, Jane Smith, Billy Pope, Margaret Ann Smith and Judy Ware.

Cheerful Note The show stepped out on a cheerful note with an introductory showing of clear, bright cotton frocks with the emphasis upon plaids. Jane Smith was the first to walk the elevated promenade deck, garbed in a woven plaid.

Don River fabric designed with a plique pointed yoke and collar and with cunning puff sleeves. Faye McMullan, modeling for the teen-ages, was attractive in an iridescent chambray that gathered the skirt onto a tiered yoke and basque waist. Eyellette trimmed the throat and push-up sleeves.

The fact that these beautiful cotton fabrics are suitable for the college age, also, was demonstrated as the skirt onto a tiered yoke and basque waist. Eyellette trimmed the throat and push-up sleeves. In a woven chambray in lustrous tones centered by gold button trim on the front of the blouse and on the skirt to simulate pockets on its lovely pleated fullness. Pique trimmed the collar and cuffs.

Grey Corduroy Jeanne Dixon was particularly chic in a grey corduroy skirt that drew attention to its roomy pockets and its covered fullness. With this she matched a bright twin sweater set. Later she returned in a brown corduroy jumper worn

over a long-sleeved white rayon city blouse a combination that the young-ages favor. Margaret Ann Smith was the dainty model for a grey all-wool coat, designed with flared back, hood lined with solid red wool and silver button trim.

Judy Ware modeled another coat, this one in wine all wool covert, with novelty back pleats, pocket flaps and hood of self material.

Another young fashion that school girls will favor this fall was worn by Mary Ann Roberts, who combined a rust corduroy skirt with front fullness with a velvet coat of the same material, a belt restraining back pleats.

Billy Pope was a walking salesman for a green and brown plaid all-wool coat with a fetching hood, lined with green.

Miss D'Wayne Howell was the fortunate choice to model a green Venetian all-wool broadcloth, light weight but warm, that drew added interest from slashed pockets, gorched back fullness, wide cuffs and button trim.

Unusual Combination Miss Ruth Elaine Foster presented an unusual waist combination. Soft black rayon suede trimmed the youthful style that matched an Empire waist effect with a softly pleated skirt.

Miss Martha Martin dramatized a satin dotted faille that gathered a full skirt, a matching waist, emphasizing the plunging neckline and rhinestone button trim.

The importance of gabardine in this as well as several past years was pointed out by Mrs. Nell Harris, wearing a black all-wool suit with wide trim, shawl collar and four-gored skirt.

A pretty tone-on-tone gabardine frock of beige and brown was shown by Miss To Ann Bigony. The dress top was trimmed with radio-wave tucking, and it had three-quarter length sleeves, pockets and an unpressed pleat on the swing skirt.

Crinkled Faille The dress top was trimmed with radio-wave tucking, and it had three-quarter length sleeves, pockets and an unpressed pleat on the swing skirt.

The new crinkled faille was displayed in a dress worn by Miss Cora Van Varley. Self-button trim on waist and belt, novelty collar and loose pleats were features of the dress.

Angel-blond Miss Bonnie Jean McDaniel was pretty in a dress of tissue faille of dark green tone with horizontal pleats across the bodice and skirt. Neat points at front and back of skirt achieved slenderizing effects.

Other styles were shown, many of them having special pocket interest and fullness achieved through unpressed pleats. Slipper satin was demonstrated as a hold-over fashion material from the past winter.

Kerens Musicians Program Feature For Civitan Club

Coriscana Civitans had an enjoyable entertainment diet of popular songs and piano music at the Thursday meeting of the organization in the Navarro Hotel.

Bev Henson and Miss Darrell Mabry, both Kerens natives and both college music students, furnished the vocal and instrumental pastime.

Miss Mabry, accompanied by Henson at the piano, sang "Some Enchanted Evening," "Dancing in the Dark," and "Body and Soul." The two then teamed together in a novelty act called "Baby, Its Cold Outside."

As an encore Henson played a boogie number.

President Herman Roberts put in the hands of the public relations committee the job of sounding out sentiment toward making a club contribution to the athletic fund at Navarro Junior College. A report is scheduled at the next meeting.

W. B. Waddell was in charge of the program for the day.

Guests were Al Erickson, Dallas; Joe L. Butler, Mrs. Tom Orr, Clint Carroll, Herbert Eukker, Joyce Copeland and Dorothy Holley.

Raymond Myrick Resigns Deputy Sheriff's Post

Raymond Myrick, a deputy sheriff here since January 1, 1947, has resigned to accept a position with the Cotton Compress Co., Sheriff David Castles announced Thursday.

The resignation will become effective Monday when T. D. (Dick) Salter will take over the deputy's duties, Castles said.

Myrick previously had worked at the compress, prior to his wartime military service.

Emhouse WSCS In Session Monday

The Emhouse Woman's Society of Coriscana met Monday afternoon at the church for a social meeting. There were eight members present. Mrs. A. M. Shows presided.

Mrs. C. O. Williams was in charge of the program, "Spreading His Light in Burma." She used material given by Miss Dorothy McConnell, editor of the Methodist World Outlook, "Along the Burma Road."

Others taking part on the program were Mrs. Stokes Armstrong, Mrs. A. M. Shows, Mrs. J. W. Kuykendall, Mrs. Ed Montgomery and Mrs. Ralph Chaney.

Refreshments were served by the hostess, Mrs. Stokes Armstrong. The meeting was dismissed with the group repeating the Lord's Prayer in unison.

WSCS Of Barry Holds Meeting

The Barry WSCS met Monday afternoon opening the session with the hymn, "Tell Me the Stories of Jesus."

Mrs. James Watson gave the devotion, and went into a discussion of missionary education. An additional missionary session was explained in full to the society.

Mrs. Watson taught several songs, and told of her experiences at the children's conference in Georgetown recently. Mrs. Jack Brooks, who also attended the conference, told about family worship in the home and day camps that are to be used by small churches.

Mrs. C. E. Watson closed the program with prayer. Mrs. R. E. McCarty told of the society's visit to Frost last Tuesday where they heard the caravan speak on the new advancement program.

Following recreation, Mrs. Lavell Reed and Mrs. Kirksey Barnes served refreshments to the nine members present and one visitor, Mrs. Percy Varnell.

Married at Courthouse Miss Audrie Pauline Brewer and Arvie Dabbs Dumas, both of Coriscana, were married Wednesday at the courthouse by Justice of the Peace J. W. Sheppard.

RECENT BRIDE—Mrs. James Ernest Harville was Miss Exa Claire Love prior to her marriage Sunday afternoon at the home of her parents, Mr. and Mrs. Guy R. Love with the Rev. Fred DeVaney of Whitney reading the ceremony. Mr. and Mrs. Harville will be at home on the Country Club road following a honeymoon trip to Colorado.

Payments Lost By 399 Veterans When "52-20" Stopped

Three hundred and 99 Navarro county veterans of World War II lost service adjustment payments when the "52-20" act ended July 25. W. B. Reedy, director of the local Texas Employment Commission office said there were approximately 800 active cases on file when the act expired.

Of the approximately 100 still eligible for payments, 12 are self-employed. A total of 189 in the self-employed group became ineligible when the act ended.

Those still eligible for payments were discharged after July 25, 1947.

Buying power of approximately \$8,000 was lost in Navarro county when the World War II vets became ineligible for their weekly checks, Reedy said.

It was estimated that approximately 40 percent of the 210 who no longer are drawing government checks, are eligible for state unemployment benefits. They are eligible under the state law because they had been employed by a qualified employer between April 1, 1945, and March 31, 1949.

Demonstration For 4-H Youths

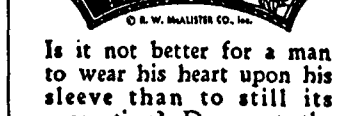

Navarro county 4-H youths Thursday were taught a lesson on showing of calves at the livestock show.

Scene of the instruction was the courthouse lawn, where two young herdsmen belonging to Boyce Ross of Powell and John Whitten of Mildred, were put through the steps they'll take at the county fair next month.

A score of more youths and interested spectators gathered on the lawn to watch the demonstration.

Assistant County Agent Curtis Henderson conducted the class.

Friendly Thoughts by ELBERT HAYS

Is it not better for a man to wear his heart upon his sleeve than to still it in the man who hides his feelings of friendliness finally suffocate them? It's as an important part of Nature's plan for a heart to unfold as for a bird to sing... a grain to sprout... a bud to blossom.

Superb distinction in every detail is an outstanding quality of our monuments. In simple elegance, impressive design, and distinguished craftsmanship—they are truly comparable to the finest handwork of the world's great artisans.

Boy At Wortham Severely Burned

WORTHAM, Aug. 16—(Spl.)—Bill LeFevre, age 9 years, son of Mr. and Mrs. Morris LeFevre, was severely burned Monday afternoon by gasoline fire. The accident occurred at the home of Mr. and Mrs. Hubert Wasson, three miles north of Wortham, while he and his little cousin, Angelyn Wasson,

were cooking a picnic supper. Bill's fire went out, then he poured gasoline on it, and the flames ignited his clothing, burning severely one arm, both thighs and stomach. He was carried to Mexico hospital after first aid was given here. He is reported resting from a sedative.

MOST UNITS OF WSCS HAVE REPRESENTATION AT VARIOUS MEETINGS IN THIS VICINITY

All but four societies within the district were represented in three area meetings of the Woman's Society of Christian Service last week in Mexia, Frost and Corsicana.

The closing service was conducted Thursday morning at El-eventh Avenue Methodist church where the Rev. Milton Slayden of Dawson led the song service, "True Hearted, Wholehearted" was the chosen song with Mrs. E. L. Craig accompanying at the piano. The Rev. E. L. Craig led the opening prayer.

"Why the Advance," an explanation of the Advance for Christ program, was presented by the district president, Mrs. John Remonte, and the Advance hymn was sung.

A recorded message from the president of the Woman's Division of Christian Service, Mrs. Frank G. Brooks of Mt. Vernon, Iowa, concerning the Advance program was followed by the introduction of members of a caravan speaking team composed of district officers. Each presented a goal of the program.

"Every Methodist woman a member of the WSCS, an organization which includes the Wesleyan Service Guild" was stated as an objective by Mrs. Remonte.

"Every Methodist woman studying, giving, building and praying for a world Christian community" was the second goal outlined by Mrs. J. P. Black of Wortham and Mrs. R. P. Dewey.

"One thousand missionaries and deaconesses to enter the field" was a third goal as presented in a chalk talk by Mrs. Marvin C. Bledsoe.

Mrs. John T. Black of Blooming Grove explained the fourth goal, a 33 1-3 increase in cash gifts. As background for the service James Dillon Wilson had fashioned a poster showing the Advance program symbol.

"Are Ye Able," a song, was fol-

lowed by a commitment to the task led by Mrs. Remonte. Recorded songs, "Into the Hand of God" and "Lord, I Want to Be a Christian," sung by Mrs. Karl Downs, well known negro singer, followed.

Mrs. Black and Mrs. Dewey presented a skit, followed by an open forum.

Dr. D. A. Chisholm, district superintendent, offered the benediction.

Sixty-five members of local WSCS groups were present for the program and for the covered dish luncheon following.

The four societies not reached through the area meetings are to be contacted separately for similar programs.

The same team presented the programs in Mexia and Frost, excepting Mrs. T. E. Longbotham of Groesbeck who substituted for Mrs. Bledsoe in Mexia.

The records used in the program are being played throughout the United States to convey information and inspiration for the program.

A courtesy committee of the Eleventh Avenue Methodist church included Meses. Fred Wilson, T. A. Clary, J. W. Lunsford and W. W. Lord.

Officer Brown was a one-man police force Wednesday when he accounted for six arrests and an assist in another. Brown arrested three motorists for failing to stop at stop signs at West Second avenue and North Fifteenth street, at East Collin and South Seventh streets, and at North Beaton street and West First avenue. He also arrested a motorist for running over a fire hose on South Fifth

street, and picked up two persons for intoxication. He was given credit for the assist when he helped Officers Chapman and Higginbotham bring in a negro male charged with assault.

Officer Kelly arrested one person for intoxication. Officers Wiswell and Higginbotham arrested one person for intoxication.

Officer Wiswell found front door unlocked at Cabell's Dairy Food store and locked same.

Nine motorists paid fines for parking violations and officers tagged 12 vehicles for the same offenses.

Services Held For Mrs. Pullin At Dawson Church

DAWSON, Aug. 18—(Sp)—Funeral services for Mrs. T. Pullin, aged 85 years, 11 months and 13 days, who died Tuesday afternoon were held from the Methodist church here Wednesday afternoon with burial in the Dawson cemetery.

The services were conducted by Rev. Milton Slayden, pastor of the church, and Rev. Roy H. Davis of Wortham, formerly pastor of the local Methodist church.

A native of Georgia, Mrs. Pullin came to Texas in 1887 and since 1898 had resided in this community. Surviving are six daughters, three sons, 27 grandchildren, 22 great-grandchildren and a brother.

Charge Of Arson Filed On Negro

Charges of arson were filed Wednesday against Edward Jones, 39-year-old negro, in connection with the burning of his small frame house at 713 East Twelfth avenue. The house was practically destroyed by fire about 9:30 a. m. Wednesday, and Jones was arrested a few minutes later by Constable Joe Allen.

The negro admitted setting the fire by exploding a kerosene lamp, Allen reported. A signed, written confession was made, according to County Attorney Charles T. Banker.

The charges were filed before Justice of the Peace J. W. Shepard and now await action of the grand jury.

Jones was committed to the county jail in lieu of \$2,500 bond.

Corsicana School District Tax Election To Be Sept. 3

Voters in the Corsicana Independent School District will go to the polls Saturday, September 3, to levy a maintenance tax and assume the area's bonded indebtedness.

Date for the election was set Monday evening at a meeting of the district's board of trustees in Supt. W. H. Norwood's office.

A tax rate of \$1.234 on the \$100 valuation of taxable property will be asked. The figure includes the old rate of \$1.00 plus \$1.234 on the bonded indebtedness.

J. C. Roe, attorney for the school board, presented a petition signed by 31 citizens (the law requires only 20) asking that the election be called.

"This gives ample time to post 10-day notice of the election," Roe told the board. The attorney requested, and the board agreed, that the voting box be at the courthouse instead of the city hall, because more people are familiar with the county building's location.

Election judges were named as follows: C. S. Wood, Wade Smith, Mrs. Sam Spikes and Mrs. Melita Findley.

The board voted to meet again September 6 to canvass returns of the election and take up matters that were passed at Monday's meeting.

A bond for the school tax assessor and collector, Miss Hallie Blake, must be approved. This action was delayed when Roe reported that Texas law required that the collector's bond must be "double the estimated amount of taxes annually coming into his hands."

Norwood said about \$125,000 will be taken in on the 55c tax basis.

R. L. Wheelock, who presided in the absence of the chairman, Mrs. H. R. Stroube, then announced that the bond matter would be passed for the time being.

Davidsons Host At Family Meeting

Mr. and Mrs. W. M. Davidson were hosts to an annual reunion for 40 members of the Cheney family over the week end at Cheney, Tex.

Present for the occasion and listed according to their family groups were Mr. and Mrs. Davidson, Mrs. Alma Brethaupt, Claude Brethaupt, and Miss Lillian Davidson; Mr. and Mrs. Robert Coker and Miss Byron Coker; Mrs. Vallee Lou Ashworth, Dan Ashworth, Byron Ashworth, Chip Ashworth; Mr. and Mrs. Sid-

Also passed until the next meeting was approval of the attorney's recommendation for assessing and collecting taxes.

The board authorized Miss Blake to purchase a \$75 typewriter.

Other action taken included approval of the 1949-50 faculty assignments and acceptance of bids on improvements at the Washington school.

Board members Doyle West, B. W. Woolley, Mrs. F. A. Pierce, Ralph R. Brown, Dr. W. K. Logsdon and Wheelock attended the meeting.

Navarro County YPA Of Churches Met On Sunday

The Navarro County Young People's Association of the churches comprising the Navarro Missionary Baptist Association met Sunday afternoon with the Missionary Baptist church. The program began under the direction of Rev. Bill Conn of the Rural Shade Baptist church. The song service was directed by Jimmy Jones of Rice. Oils Langston was the pianist.

The program consisted of the welcome address by Lorene Price, response to the welcome was given by the Rev. Reeves of Patty's Chapel Baptist church, and the following topics were discussed:

Christ Atoning for Sin, by Jimmy Jones of Rice; Only One Atonement, by Mrs. Bill Conn of Rural Shade; The Sufficient Atonement, by Helen Blanton of Trinidad; Atonement, by H. Yates of Trinidad.

A special music consisted of a piano solo by Oils Langston, a song, "Nailed to the Cross," by Mrs. Murphy Walker, and a quartet consisting of Doyle Taylor, Bobby Staggs, Jimmy Kirkland and Arville Langston.

The next meeting of the assembly will be held with the Providence Baptist church on the afternoon of Sept. 11.

Navarro College Begins Fourth Year Sept. 7th

Navarro Junior College will begin its fourth year on September 7, when registration for the 1949-50 fall semester gets under way, according to Gaston T. Goock, dean of the college.

All students planning to enter Navarro Junior College for the first time should send a transcript of their work immediately to the office of the registrar. Students will be accepted in the order in which transcripts are received.

Filing transcripts consists of an application for enrollment. Veterans are advised to see Robert C. Reeder, contact representative for the Veterans Administration, and apply for a certificate of eligibility and entitlement—if they wish to take advantage of the G. I. Bill of Rights.

The certificate of eligibility must be presented to the office of the dean when the student registers.

Registration will be made on September 8 and 9. All students who have previously attended Navarro Junior College will register September 7. New students may register September 8. Freshman psychological examinations will be given all new students, including those who entered during the summer, at 9 a. m. on September 9.

Classes will begin at 9 a. m. on Monday, September 12.

Students registering late will be required to pay a late registration fee.

Navarro Junior College is recognized as an institution of the first class, according to Goock, and holds membership in the Association of Texas Colleges and the American Association of Junior Colleges.

A wide variety of courses are offered and are applicable as undergraduate credit toward any degree, officials state.

Charges Unfair Statement Made In Daily Sun

J. T. Smith co-owner and business manager of the North Beaton Water Supply, issued the following statement Thursday with the request that it be published in the Sun:

"I observed in the Daily Sun of August 17, 1949, that some one whose name and authority was not given stated that the North Beaton Water Supply, which I own and operate, had been sold for one-half of its estimated value. I wish to state that as co-owner and business manager of North Beaton Water Supply, that this statement is very unfair to me and to this company, for it creates a prejudiced mind of the citizenship of Corsicana, and it seems to me that it is a deliberate attempt to intimidate me, to keep me from asking a fair price for my property."

"I appreciate the City of Corsicana and I love to make my home here, but with all my love for this city, I do not feel that I can play Santa Claus to it. If the City of Corsicana is on charity and must have a handout of one-half the valuation of a fifty thousand dollar business, then I suggest that we appeal to Uncle Sam, as I understand he makes large gifts to cities."

"In fairness to me and my company, I ask that the Corsicana Daily Sun reveal the source of the statement referred to above and remove whatever prejudice it has created toward me and my company."

Pre-Season Dope Makes Favorites Of Waco-Temple

District 10-AA football teams have booked non-conference games during 1949's season with many of the toughest teams in the state's AA schoolboy race, according to a perusal of the season schedules of the various teams in this loop.

The interscholastic league, in another recent shake-up of the state AA structure, eliminated the objectionable bye system that pervaded the circuit last season, and went back to 16 full districts this year. The change altered the number of the local district from 9 back to the old No. 10.

The district, which furnished the state champion last year in the Waco Tigers, and which had a number of strong teams, will again be well represented. Though Temple and Waco have been rated the favorites at this stage, a number of other entrants will field starting lineups made up of seniors, or will be able to do so if

Williams-Fuller Wedding Is Held

Mrs. Ella Fair Williams and Ira T. Fuller were married at the Assembly of God parsonage on South Fifteenth street Saturday afternoon at 2 o'clock with the pastor, the Rev. Mr. Collins officiating.

Mr. and Mrs. Fuller will reside in Corsicana following a short wedding trip.

The bride is the daughter of Mr. and Mrs. Lee Jergins and the bridegroom is the son of Mr. and Mrs. Lee Fuller, all of Corsicana.

An employee of the Texas Power and Light Company at Tyler, Fuller served in France, Italy, England and Germany during World War II, being wounded and discharged in 1943.

They choose.

There has been only one head coaching change in the district since last season. That was at Ennis, where Murray Byrd took over the vacancy left when Jim Moore accepted the Allen Academy coaching job.

Other head coaches are Carl Price at Waco, Ted Dawson at Temple, Boyd Payne at Corsicana, Logan Stollenwerk at Waxahatchie, P. T. Gallega at Hillsboro and Jerry Sadler at Cleburne.

The composite 10-AA season schedule:

Sept. 9—Crozier Tech at Ennis, Mineral Wells at Hillsboro, Stephenville at Waxahatchie.

Sept. 16—North Dallas at Corsicana, Waco at Austin, Thomas Jefferson (Houston) at Temple, Cleburne at Woodrow Wilson (Dallas), Sept. 17, Waxahatchie at Bryan, Palestine at Hillsboro, Ennis at Lufkin.

Sept. 23—Greenville at Corsicana, Bryan at Waco, Brownwood at Temple, Fort Worth Tech at Cleburne, Waxahatchie at Corpus Christi, Hillsboro at Denton, Ennis at Nacogdoches.

Sept. 30—Paris at Corsicana, Tyler at Waco, Temple at Kerrville, Stephenville at Cleburne, Ennis at Waxahatchie, Temple at Hillsboro.

Oct. 7—Amon Carter-Riverside (F. W.) at Corsicana, Waco at Highland Park (Dallas), Cleburne at Waxahatchie, Temple at Hillsboro.

Oct. 14—Corsicana at Hillsboro, Waxahatchie at Waco, Ennis at Temple, Cleburne open, Weatherford at Waxahatchie (Oct. 15).

Oct. 21—Corsicana open, Waco at Ennis, Austin at Temple, Hillsboro at Cleburne.

Oct. 28—Corsicana at Waco, Temple at Cleburne, Waxahatchie open, Ennis at Hillsboro.

Nov. 4—Waxahatchie at Corsicana, Waco open, Temple open, Cleburne at Ennis, Hillsboro open.

Nov. 11—Corsicana at Ennis, Hillsboro at Waco, Waxahatchie at Temple, Cleburne at Orange.

Nov. 18—Temple at Corsicana, Cleburne at Waco, Hillsboro at Waxahatchie, Ennis at Longview.

MISS ANN SCARBOROUGH

MISS ANN SCARBOROUGH TO WED CLYDE E. JOHNSON IN RITES TO BE HELD AUG. 27

Miss Ann Scarborough will become the bride of Clyde E. Johnson in a ceremony Saturday evening, August 27, at the home of the bride-elect. The engagement and approaching marriage were announced at a coffee Tuesday morning from 10 to 12 o'clock at Kinsloe House with Mrs. Will Miller, the honoree's aunt, as hostess.

Miss Scarborough is the daughter of Mrs. Hawkins Scarborough and the late Judge Hawkins Scarborough. Her fiancé is the son of Mrs. E. D. King of Memphis, Tenn.

After graduating from Corsicana High school, the bride-elect attended Harding College at Searcy, Ark., and Abilene Christian College, Abilene. She was a music education major at Texas State College for Women, where she received her Bachelor of Science

degree. She was a member of Sigma Alpha Iota national music fraternity, Mu Eta Alpha and other campus music societies. Miss Scarborough taught music in the Corsicana public schools the past year.

The prospective bridegroom was graduated from Jonesboro, Ark., High school and attended Arkansas State College, also at Jonesboro. He was affiliated with Kappa Alpha Phi social fraternity. Mr. Johnson is a member of the Corsicana Daily Sun staff.

In the ceremony, Miss Carolyn Kelton will serve as maid of honor, and Miss Winifred Rankin will be bridesmaid. Hawkins Scarborough, Jr., will give his sister in marriage, and Paul Moore will serve as best man.

The wedding music will be presented by Mrs. Aline Trimble, soloist, and Mrs. O. W. Holmes, pianist. The Rev. J. B. Sharp, assistant pastor of First Methodist church, will officiate.

For the announcement occasion Mrs. Miller, the hostess, received with the bride-elect, Miss Scarborough; her mother, Mrs. Scarborough; an aunt, Mrs. Walter E. Love of Randall, and Mrs. John Garner.

The guests were served by Miss Kelton and Mrs. T. M. George, III, assisted by Mrs. G. H. Weatherby, Mrs. Dean Miller, Miss Carolyn Buie and Miss Bette Pierce. Background music for the party was furnished by Miss Pierce, pianist.

Rich shades of duobonnet, fuchsia to purple in pom-pom mums and asters, were given the delicate accents of pink angel lilies and carnations in the formal centerpiece arrangement centering the coffee table, where silver appointments were used. Personalized napkins announced the wedding date. Tiny pigs-in-blankets, flower-embossed cookies and coffee

District Meet Voc. Ag. Teachers Held Here Monday

Future Farmers educational booths and the grass judging contests along with exhibits at the Corsicana Livestock and Agricultural show this Fall were the main topics discussed at a meeting of Vocational Agriculture teachers on Monday at the Corsicana High School.

W. H. Walker, county agent and superintendent of the fair, and Jack Everheart, local soil conservationist in charge of vocational agriculture exhibits, were invited guests.

Roy Cloud, Kerens, led the educational booth discussions, and decisions were reached about the size, products to be exhibited, and number of samples to be used. FFA chapters announcing they would enter the county fair booths include Blooming Grove, Dawson, Emhouse, Ferris, Frost, Italy, Kerens, Mildred, Milford, Palmer and Corsicana.

Everheart explained that the grass judging would be conducted similar to those at the Texas State Fair last year. Dawson, Ennis, Kerens, Milford and Corsicana will enter teams. Other entries are expected from 4-H clubs in Navarro county.

Bill Moore, Dawson teacher, announced he has selected representatives from the other four districts of the area concerning the location of a site on Lake Texoma for a permanent FFA camp. Plans are being formulated for the purchase of surplus war materials for necessary buildings on the site.

The group decided to meet in the first week of the month hereafter instead of the third week.

L. L. Wilkes Is Rotary Speaker Noon Wednesday

Relating on his experiences while traveling in Europe recently, L. L. Wilkes, superintendent of the Hubbard schools, told Rotarians today, "Communism won't increase in Western Europe if the people are fed and kept working." Communism is on the wane in Western Europe, and it's the American aid that's beating the Communists. He said the people appreciate the aid they are receiving and realize the aid would stop if the Communist party gained control.

"Western Europe is sick," he said, "sick because there are too many people and not enough land for them to live on and to produce crops." The schoolman reported on the various countries he visited and said Belgium and Switzerland were in the best condition. He said Switzerland spends about 50 percent of its income to keep its country prepared for any major disaster.

Visiting Rotarians at the meeting were Lon McCrary, Dalhart, and Leo H. Johnson, Neosho, Mo. Guests were Earl Moore, who introduced the speaker; Guy Sifton, Jerry Stockard, Jack Everhart, W. H. Norwood, Ray Waller, all of Corsicana; Luther Westbrook, Kerens, and Winston Berry, Dawson. Bob Canant was introduced as a new member.

Anti-Annexation Suit Against City Gets Dismissed

The enlarged boundaries of the city of Corsicana have been definitely determined as set out in the recent election and subsequent annexations voted by the city commission.

The time limit set in the judgment August 6 as handed down by A. P. Mays, judge of the Thirtieth Judicial district court, has expired. Judge Mays dismissed the suits styled Robert V. Yarber vs. City of Corsicana and Robert V. Yarber vs. Hubert T. Braselton, et al., attacking the municipal election whereby the city limits were extended and provided for future extensions, and also divorced the schools of Corsicana from the municipality.

The judgment of dismissals provided that the decrees become final unless the plaintiff amend

his petition and suit within 10 days. J. C. Gaston, district clerk, stated Wednesday that the suits had not been amended. Judge Mays said the judgments are final.

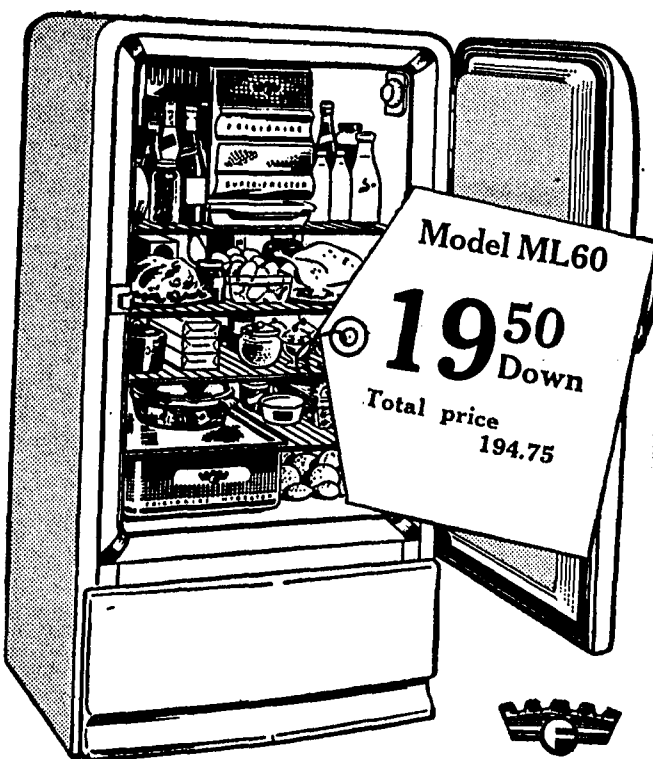

J. C. Jacobs, city attorney, read the plaintiff's petitions at the hearing August 16 and said if all the statements of fact contained in the petitions were true, still the

suit did not set out a cause of action on which a judgment in his favor could be entered. Judge Mays sustained and agreed with the position taken by Jacobs in the matter.

The area included in the extensions this year about doubles the size of the city and raises the population to an estimated 25,000.
